

## **Scorched Earth Clock**

Hey Sleepwalkers  
COP28 furnace goes!  
Fossil fuel HEAT  
Wreck'd Mother's clock,  
Seasonal untimedness,  
Plants rousing  
Four times faster,  
Insect pollinators sleeping in,  
Discombobulated!

Sixty per cent  
Fifteen hundred insects,  
European kinds,  
Climate-mismatch'd blooms,  
Healthy ecosystems  
Bountiful food production,  
Unravelling,  
Seven hundred fifty million  
At stake European lives.
