

Asset Managers Pension Funds, Easter Egg Thieves

Chocolate backbone
Fermented seeds,
Theobroma cacao.
Sweet-tooth'd *cacao* trees
Tack'd on,
Fossil-fuelled fatalities!

Chocolate's secret,
Roast'd, ground
Cacao seeds,
Cocoa powder!
Twenty Twenty-Three,
Tripled price.

Billion hundred
Bulging dollars,
Earthly consumption
Yearly decadence,
Ten thousand cash
Metric ton, per.

Three boiling
Successive calendars:
Heat domes, climate floods
Flash droughts!
Ghana, Ivory Coast:
Black powder disease
Swollen shoot virus,
Cocoa reserves plummeting!

Prices soaring,
Package diminishings,
Nonchocolate Easter treats:
Cookies and cream
Lemon bars
Gummy bears,
Anxious Sunday children!
Barons
Bankers
Asset managers
Pension funds
Gleefully flush,
Smug corpulence.
