

Great Southern Revolution

Tasmanian tragedy
Great Southern Reef
Rocky kelp forests
Outta sight
Outta mind,
Dastardly drubbing!

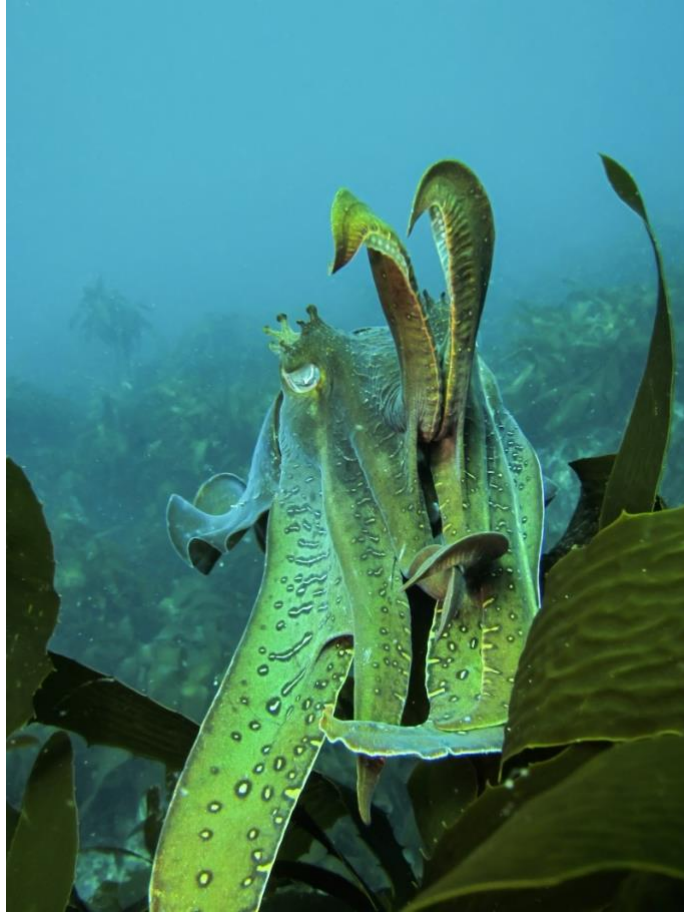

Subsidised lunacy
Levelling Great Forests
Burning everything,
Ocean cauldron
Boiling brew.

Tall Sea Ones
Sear'd alive,
Big fish
Fisheries obliterated,
Hundreds' others
Chaotic tailspin,

Pollution
Development
Fish farms,
Agonising extinction.

Southern marine heatwaves,
Kelp ruin'd
Complexity undone
Impecunious sea,
Revolution obligatory
Climate Gen!
